

THE GAZETTE.

THURSDAY EVENING, MARCH 27.

A NOVEL FERRY BOAT.—Neslie & Levy, who heretofore have made a specialty of only propeller engines and machinery for tugs and large steamships, have secured the contract from the New York, Lake Erie and Western Railroad Company for the building of a double-screw ferry boat, which will be a very large craft, and will have a propeller wheel at each end instead of unsightly side wheels. While one wheel pushes the other pulls, power being thus increased to speed or stop short. More room is also available for passengers. The new boat will be 230 feet long, 38 feet beam and 62 feet over guards with 16 feet depth of hold, and will be completed in seven months ready for delivery at New York. The engines will be of the compound type of the most approved design, besides steam steering gear, steel boilers and electric light, and everything of modern design and finish. The only boat of the kind ever built in this country was launched a few months ago at Newburg, the Bergen, and was not a success. Neslie & Levy have guaranteed the vessel in every particular before acceptance, and intend to make her the model ferry boat of New York harbor.—*Phila. Record*

MEDICINAL

A VETERAN.

I was wounded in the leg at the battle of Stone River, Dec. 31st, 1862. My leg was poisoned from the effects of the wound, and the leg swelled to double its natural size, and remained so for many years. The poison extended to my whole system, and I suffered a thousand deaths. Nothing did me any good until I took Stonebraker's Specific, which took the poison out of my system, and enabled me to feel myself a man again. S. S. S. is the remedy for blood poison, skin diseases, etc.—*John C. Wray, London, O.*

Two hundred and thirty-six persons died recently from the effects of poison taken in cream and butter flavored with adulterated flavoring extracts. Do you want to be poisoned?
